

TIGER PROPERTIES announce timely completion of Marina Pinnacle's 64th floor

Dubai-25 of November 2008

TIGER PROPERTIES, one of the region's oldest developers, has today announced the timely progression of works on its landmark Marina Pinnacle project; with a full structural completion reaching the 64th floor.

CEO, TIGER PROPERTIES, Taha Mohammed said of the project's progress; "The timely progression of construction works on the Marina Pinnacle tower is testament to TIGER's highly renowned principles of development that encompass the most stringent dedication to planned delivery schedules and the implementation of the highest international standards of quality".

"Such commitment to timely delivery and distinguished quality form part of the intrinsic respect endowed upon our clients; and we expect that our clients will receive news of the Marina Pinnacle's swift progression as a reflection of TIGER's outstanding competency in fulfilling its resolute commitments in delivery", he added.

TIGER's Marina Pinnacle project consists of 77 floors, extending on to a prime area of 400,000 square feet in the eminent Dubai Marina, one of the region's most extensive and luxurious waterfront ventures.

Considered a world-class resort, Dubai Marina features an illustrious 11km boardwalk lined with an extravagant collection of sumptuous restaurants and café's shops, creating an ambience similar to that of the French Riviera. In addition, it boasts a significant commercial and tourist precinct complemented by abundant recreational and relaxation facilities, with endless green areas bordered by the pristine waters of the Gulf.

The Marina Pinnacle tower provides one, two and three bedroom apartments, characterized by contemporary style and prolific amenities, including; internal and external swimming pools, sauna, entertainment hall, billiards hall, electronic game room, business center and retail areas.

Boasting an extensive luxurious living experience for its residents, the Marina Pinnacle tower is embedded with smart-building systems; amongst other facilities it provides a child monitor accessible at home or via the internet, allowing families to keep a watchful eye over their children. The tower also offers a fully-equipped and specialist-supervised kindergarten.
